

Class 1 Home learning 29.11.23

I apologise for the slightly white jumpers and cardigans your child has come home with today, we had a messy but AMAZING time making cornflour slime when following instructions. The children read each step themselves; from spooning the cornflour to adding drops of water to make the right consistency. Such a lot of fun but lots of learning too!

In maths, we have matched the names of 2d and 3d shapes together and begun using the correct language to describe their properties. Our Christmas rehearsals are well under way and I know the children are already very excited to be performing for you all in a few weeks.

Reading Year 1.

Your child will be bringing home a book this week which they read with you and also during guided reading, the aim is that this book is read multiple times to practise their phonics and fluency. They can also bring home a picture book to share. Please aim to read with your child 3 times a week and sign their reading records.

Year 1 - Bug club books will continue to be allocated every week so keep checking and read as many times as you can.

Year 2. Your child now has an Accelerated reader book. They will keep this book and read it both at home and in 1-1 reading until they can read it fluently. They will also have guided reading sessions in class with Mrs Mitchell using an additional Accelerated reader book.

English: REPEATED TO GIVE TIME FOR CHILDREN TO HAVE A GO

Seen as we are learning about instructions; can you find and follow a set of instructions. This could be an art making activity, it could be to make a Lego set or following a recipe for some cakes...its up to you and your grown up.

Please either **draw and write** about what you did or **take some photos** to share with the class.
