

## **24/1/24 Home Learning Class F**

### **Our topic this half term is 'Space' and this week we have:**

Continued with our space topic. We made a large rocket out of junk to role play in. We painted the body grey and the nose orange. Orange, red and yellow tissue was used to make the flames you might see when the rocket gets launched.

This week in music we learnt the song 'In the Groove' in a Latin style and had a go at playing the notes 'c' and 'd' on a glockenspiel. We worked with a group some people played instruments while others sang. We then swapped over so we all had a go at everything.

In PE we've continued to look at ball skills. We worked with a partner to try and kick the ball through a goal. Our partner had to save the ball by using either their hands or feet.

### **Home Learning**

#### **Reception**

This week in maths we have been busy creating ABBC patterns (e.g. red, blue, blue, green, red, blue, blue, green). For home learning this week see what patterns you can create at home. These patterns could be led by colour or you could challenge yourself and use a selection of different objects e.g. (car, truck, truck, van). Take some photos of the patterns you create.

#### **Reading**

Your child is bringing home books linked to the phase 3 sounds they have learnt in phonics. We expect the children to read at home at least 3 times a week. Please write in their reading record books when you read at home.

#### **Nursery**

For home learning see what AB (e.g. red, blue patterns) patterns you can create at home. Take some photos of the patterns that you create.

#### **Reading**

Share a book together. You could choose a book from home or there are books at school which you can borrow.

Please complete by 31<sup>st</sup> January 2024.
