

Class F Home Learning

Half Term: Summer 2

Dear parents/carers,
This half term our theme has been the ocean. We are also exploring recycling and why we recycle. The children have enjoyed stories and activities linked to these themes. I wonder if you can find any stories or songs about the ocean at home?

Kind regards,
Miss Batstone

Reception Learning

Practise your sounds and handwriting.

Practise counting. See the leaflet attached for ideas.

Project

Talk about and explore what you do with your recycling at home.

Find out:

- Where it goes
- What you recycle
- What you could make from recycling

Have a go at making something from recycling so it can be used again and bring it into school to share
