

Class 1 Home Learning

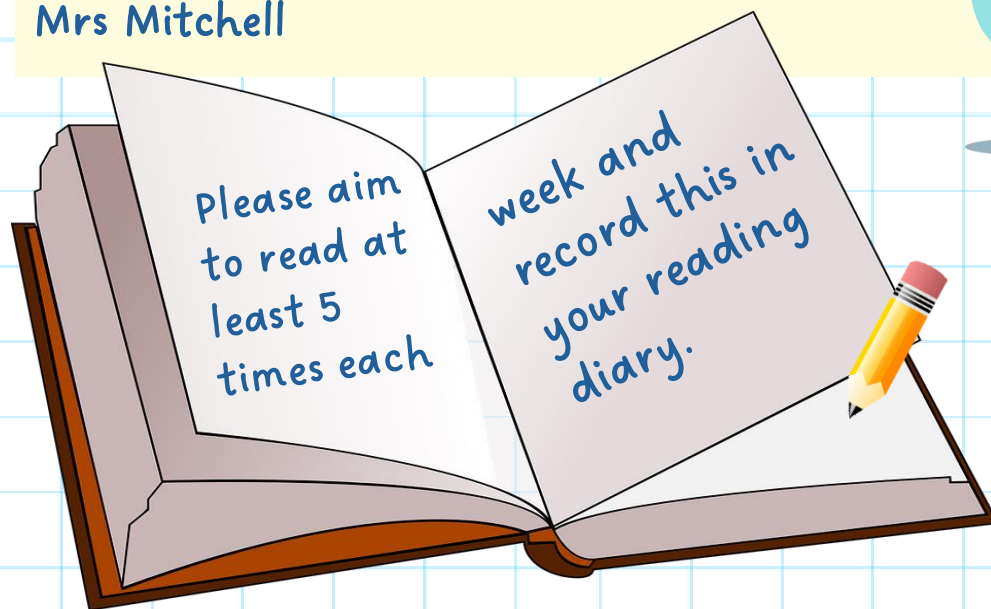

Half Term: Summer 2

Dear parents/carers,

This half term we are focussing on learning all about fractions, time and measure in maths. In English, our character is going on an adventure, collecting strange and wonderful items as they go and for history, we will be finding out what makes an explorer and what made their endeavours truly remarkable.

Kind regards,
Mrs Mitchell

Please access MyMaths to find three tasks to complete over the half term (equal to one each fortnight). Please ask if you need your login

details. Here is the link:
[MyMaths login page](#)

Projects

- Complete one project
- Have a go at some more if you wish
- Bring to school by 18/7/25

History	Art	Computing
You are an explorer...You have made an incredible new discovery - what is it? An animal, an item, new land? Draw label and colour a picture of what you have found.	We have been working on portraits this half term. Choose a family member, including a pet and create a portrait of them. You can draw, paint, collage, it's up to you.	We have been learning all about internet safety with Mrs Heard. Make an information poster about the thing's children can do to keep safe online - do's and don'ts. Please include writing and pictures.
