

Class 1 Home learning 9th May 2025

Home learning tasks:

This week in topic we have been exploring what it may be like to live on the other side of the world. The children have revisited previous learning about continents and countries and have located Australia using Google Earth and also our class Atlases. We have discussed various aspects of life there and how it compares to the UK. Our current focus is on the climate and weather. We have been using weather apps and obviously looking out of the window to monitor the weather in Langtree as well as Townsville in Northern Australia and Hobart which is right down in the South. The children have been spotting and discussing how different the weather can be across just 1 country and why this may be the case.

Reading.

Year 1

Your child will be bringing home a book this week which they read with you and also during guided reading, the aim is that this book is read multiple times to practise their phonics and fluency. They can also bring home a picture book to share. Please aim to read with you child 3 times a week and sign their reading records.

Year 2. Your child now has an Accelerated reader book. They will keep this book and read it both at home and in 1-1 reading until they can read it fluently. They will also have guided reading sessions in class with Mrs Mitchell using an additional Accelerated reader book.

***** For all children: regular reading and signing of the reading record by an adult earns your child a reward. If they read 10 times with their book signed, they get a sticker; 5 stickers and they get a reading prize! *****

NEW Projects – Just 2 as it's a short half term.

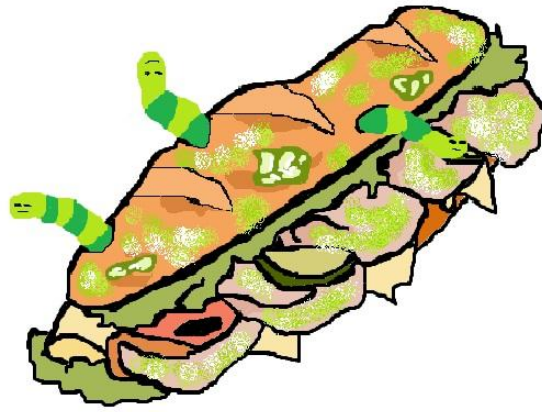

The exploration one!

We explored the school ground and identified the trees we have around us but there are more...

Can you use the sheet (which I will give you on TUESDAY – or attached below) to go out and about to find the trees in your local environment. Ask your grown up to take a picture of you with a favourite tree you find.

The drawing one.

Can you design and draw your own disgusting sandwich. I would like to see what is in each layer and I would like you to write the matching sentences like we practiced in class. There is an example below. Now try your own.

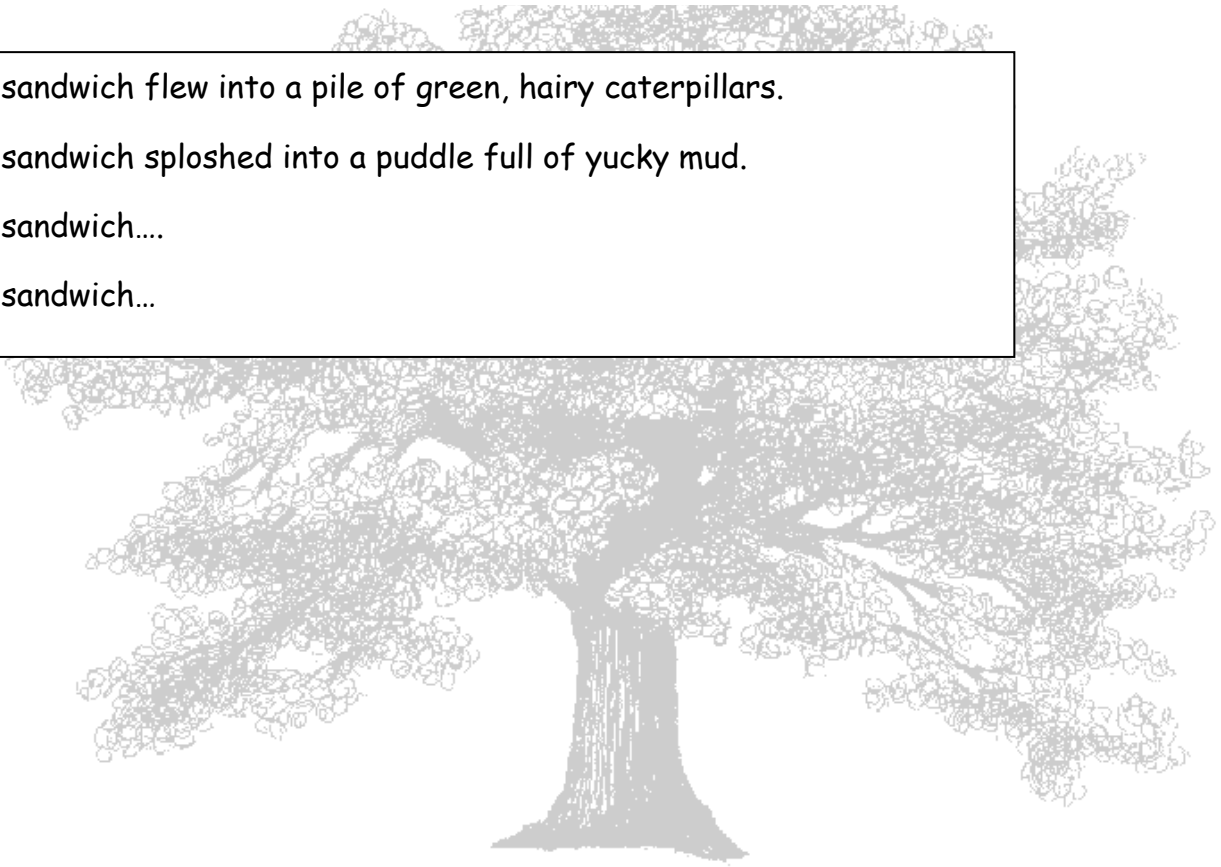

The sandwich flew into a pile of green, hairy caterpillars.

The sandwich splashed into a puddle full of yucky mud.

The sandwich....

The sandwich...

Be a super spotter!

How many trees can you identify?

Leaf ID

Alder

Beech

Oak

Sycamore

Birch

Holly

Elder

Ash

Horse Chestnut

Field Maple

Hawthorn

Hazel

Rowan
