

7/2/23
Class 2

In English, children have been comparing different opinions about Boudicca rebellion. They have sorted them into a Venn diagram to show how people can have different opinions about a historical event.

In maths, we have been exploring different types of graphs and presenting data in different ways. Children have been interpreting data from pictograms, line graphs and bar charts to solve multi-step problems.

In science, the children have been exploring the different ways habitats change and the impact this can have on living things.

Home Learning

Reading

We expect the children to read 5 times a week – you can read to an adult (as it's always good to read aloud to practise your expression), or talk to your adult about what you have read. We have a 'lucky dip' in class for when children reach 10 days of reading at home.

Jigsaw

This week is children's mental health week. Everyday this week in class we will be completing an activity to provide opportunity for children to reflect and discuss. The theme this year is 'Lets connect'. Using the template provided below, decorate the fish with things you enjoy or make you happy. This will be part of a whole school display which will show how connected we are all.

Spellings

Below are spellings linked to our writing text.

Ready

Boudicca
rebel
leader
tribe

Steady

factual
recount
Britain
Invade

Go!

invasion
rebellion
soldier
warrior
