

# Oak Class Home Learning

# Half Term: Autumn 1

Dear parents/carers,

Happy New Year from Oak Class. This home learning information will be renewed each half term. This term we have lots of exciting learning ahead including developing our Maths skills, animal groups (science), life in an Indian village (Geography) and some great writing opportunities. Please make sure you talk to use if you have any concerns. Kind regards,

Miss Rose and Miss Rushworth

## Weekly Tasks

Practise counting and recognising numbers in every day life, identifying amounts and simple addition/subtraction.

Practise tricky words and sounds as they are sent home.

## Projects

- Complete one project
- Have a go at some more if you wish
- Bring to school by 13/02/26

Science	English	Art
Look for different materials around your home and local environment, e.g. stone, plastic, foil, cotton etc. Talk about how they look and feel and the jobs they have. You could bring in photos or drawings to share.	Create your own story using pictures (and words) and tell it to a friend or family member. You could even make it into a book to share with the class. You could draw/paint or take photos of toys to tell your story.	Explore the different textures of materials, e.g. bark rubbing on trees, painting with different toy car tyres or pasta, creating a collage picture of different materials or printing with different fruits and vegetables.
