

## **27/9/24 Home Learning Class F**

This week, Class F have been thinking about the book 'I like books' to link with the Appledore Book Festival. On Thursday, the children took part in a whole school assembly lead by the author Gill Lewis and then had a class workshop. Layn Marlow led the workshop around her book Noah's Seal. The children listened very carefully to Layn's instructions and created their own "sand seal" like Noah did in the book. The children have also discussed books and the type of books they enjoy reading. They have voted for the book they would like to read.

In phonics, the reception children have been revisiting phase 1 phonics. They have played sound bingo games and then moved onto oral blending and segmenting – thinking about the sounds that make up words.

In maths, reception children have played a dice game concentrating on number recognition.

The Nursery children have continued their environmental sounds activities. In maths, they have carried out more activities concentrating on colour recognition.

### **Home Learning Reception only**

#### **Projects:**

**Please choose one (or more!) of the following options to complete over the first half of the Autumn Term.**

1. Practise recognising and writing the letters in your child's name. You could explore writing using different pens/pencils, using chalk outside, writing letters in a tray of salt or sand or finger painting their name.
2. Sing number songs with your child. We have been singing 'Five little ducks', '10 red apples' and '10 in a bed'.

#### **Reading**

The children do not have phonics books yet, but please spend time reading and enjoying books with your children. Talking about what is happening in the story and the characters.

### **Home Learning Nursery**

Spend time reading and enjoying books with your children. We have been singing the song 'Five little ducks' which you could sing with your child.
