

## **3/7/24 Home Learning Class F**

### **Our topic this half term is 'The Sea' and this week we have:**

Been learning about the 'Rainbow Fish' written by Marcus Pfister. In our independent learning we've had the opportunity to create our own rainbow fish, write speech bubbles about what the Rainbow Fish might say and make our own fish tanks for the Rainbow fish at the junk modelling table.

We worked hard to use the whiteboard to create a fish on the programme 'Paint' and learnt how to draw shapes and use the colourfill tool. The children were all pleased with their masterpieces!

#### **2 Year Olds**

This week we are continuing to find out things about our topic Under the Sea. We are exploring drawing in sand and working on our fine motor skills with the picking pond.

### **Home Learning**

#### **Reception**

Continuing with our sea topic, this week the home learning is to try and create a submarine which sinks to the bottom of the ocean! Be as creative as you like but you must test your submarine out to see if it works. We look forward to seeing your finished piece of work.

#### **Reading**

Your child is bringing home books linked to the phase 4 tricky words which they have learnt in phonics. We expect the children to read at home at least 3 times a week. Please write in their reading record books when you read at home.

#### **Nursery (3 and 4 year olds)**

Continuing with our sea topic, this week the home learning is to try and create a submarine which sinks to the bottom of the ocean! Be as creative as you like but you must test your submarine out to see if it works. We look forward to seeing your finished piece of work.

#### **Reading**

Share a book together. You could choose a book from home or there are books at school which you can borrow.

Please complete by 10<sup>th</sup> July 2024.
