

22/11/24 Home Learning Class F

This week, Class F's learning has been based around the book 'Susie and Sam Learn About Road Safety'. The children have learnt about road safety and the key words to remember when crossing the road. They have made traffic light biscuits using smarties and looked at different road signs. The children are now beginning to practise our class Nativity, which we are excited to share with you on 5th of December.

In phonics, the reception children have revised Phase 2 sounds and learnt the new sounds ck and e. In maths, the children have been subitising with numbers within 10.

The Nursery children have been continuing with their instrumental sounds phonics sessions. They have been learning the names of instruments and the sounds these make when using them in games. In maths they have been learning about pattern and have been creating AB patterns in their sessions and then creating them in continuous provision with printed coloured flowers.

Home Learning Reception only

Projects: Please choose one (or more!) of the following options to complete over the second half of the Autumn Term.

1. Your child should have a set of flash cards to practise the Phase 2 sounds they have learnt in school so far. Please use these flash cards to help reinforce the sounds. You might also like to play some games using these sounds on www.phonicsplay.co.uk
2. Sing number songs and share nursery rhymes and books with your child.
3. Our topic for the second half of this term is going to be based around the season of Autumn. Collect some autumn treasures with your child. This might be conkers, acorns or various coloured and shaped leaves. The children can then bring these in to share with the rest of the class.
4. With the Autumn treasures you have collected, you might like to study these items before drawing them, painting them or even making art with them such as leaf stamping. These could be brought into school to share with the rest of the class. Ideas can be found below:

Reading

The children now have a phonics book linked to their phonics learning. Please read with your child every day and record in their reading record book. Please ensure your child's book bag is brought into school every day so the adults in school can listen to them read.

Home Learning Nursery

Spend time reading and enjoying books with your children. Sing nursery rhymes and number songs.

You might like to collect autumn treasures with your child. This might be conkers, acorns or various coloured and shaped leaves. The children can then bring these in to share with the rest of the class.
