

## **Class 1 Home learning 17th April 2024**

It really is lovely to be back in Class 1! The children have settled back in well and they are already fully engaged in their new learning.

In English, we are focussing on a non-fiction text called 'I don't like snakes' The children will be learning how to use information texts to collect relevant facts about a chosen animal or insect to create their own explanation text.

In maths, we are focussing on calculation (multiplication and division) and then we will be moving on to learning about measurement including time.

The children are very excited to be learning about the 'seaside' for geography, focussing on local beaches, maps and tourism and we are hoping to have a visit from the RNLI to talk to us about beach safety.

### **Year 1**

Your child will be bringing home a book this week which they read with you and also during guided reading, the aim is that this book is read multiple times to practise their phonics and fluency. They can also bring home a picture book to share. Please aim to read with you child 3 times a week and sign their reading records.

**Year 2.** Your child now has an Accelerated reader book. They will keep this book and read it both at home and in 1-1 reading until they can read it fluently. They will also have guided reading sessions in class with Mrs Mitchell using an additional Accelerated reader book.

**Phonics: - ongoing**  
**they, this, them, that, both, than, their, there, together.**

### **Parents, I need your help!**

Please listen out for your child saying the above words and, if you hear a 'v' or 'f' sound instead of a 'th' sounds, can you correct them by saying the word with the correct sound and mouth formation and then encourage your child to repeat it back to you.

Many children are saying these words with the 'v' or 'f' sound and then therefore spelling them with a 'v' sound e.g. ven for then, bof for both.

Your continued support is greatly appreciated.

### **Science:**

We are learning about plants for Science this term so another practical piece of home learning this week – chosen by a child in class 1.

Please can you create a piece of art for a plant or flower. Like other tasks, you can draw it, paint it, make a collage, sculpt it – it's up to you.

Be creative!
