

22/11/23 Home Learning Class 2

In English, Class 2 are completing writing their explanations of their sleigh designs. They are writing detailed explanations using technical language, prepositions, and conjunctions.

In Maths, the class have begun measurement. Year 3 has been making amounts of money using different coins. Year 4 has been converting between pence and pounds.

In Science, they have investigated a range of materials to test whether they conduct or insulate electricity. The children made predictions first and then tested the different materials.

Home Learning

Reading

We expect the children to read 5 times a week – you can read to an adult (as it's always good to read aloud to practise your expression) or talk to your adult about what you have read.

TTRS

Complete the assigned timetables on Garage.

Spellings

Below are spellings linked with our science (electricity). Spellings will not be tested in isolation. We will be looking at whether the children are using them accurately in their writing.

Ready

bulb
cell
battery
wire

Steady

circuit
complete
switch
connection

Go

positive
negative
insulator
conductor
