

## **7/02/25 Home Learning Class F**

This week, the children have been continuing their Chinese New Year learning. The children have been mark making Chinese numbers in sugar and have enjoyed tasting noodles in sauce and prawn crackers.

They have also been thinking about Children's Mental Health week with activities such as thinking about their emotions and how we feel for example when we are angry and how this shows in our bodies. We discussed how to deal with this such as deep breathing.

Reception children have started to learn the Phase 3 sounds in their phonics learning and the nursery children have continued with their body percussion sessions.

Remember to check out the Class F Class blog on the school website to see photos of the children engaged in their learning and enjoying the recent visit from Kim from Really Wild Learning.

### **Home Learning**

**Projects: Please choose one (or more!) of the following options to complete over half term.**

1. Our learning this half term is around the topic of Space. We have been singing 5 Little Men in a Flying Saucer. You can find a lovely, animated version of this on BBC Teach which you could share with your child along with other songs such as Twinkle, Twinkle, Little Star.
2. Go outside with your child when it is dark and look at the sky. Discuss what you can see. Can you count any stars? Can you see the moon? The children could draw a picture showing what they saw to share with the class.
3. Make a rocket out of junk modelling materials e.g. plastic bottles, kitchen roll tubes, pringles tube etc. The children could bring this in to show the class.

### **Reading Reception only**

The children have a phonics book linked to their phonics learning. Please read with your child every day and record in their reading record book. Please ensure your child's book bag is brought into school every day so the adults in school can listen to them read.
