

## 13/3/24 Class 3 Home Learning

In English we have been writing our own persuasive letters to convince Miss Rushworth why Class 3 need extra playtime above the rest of the classes in school! The children have been working hard to include the persuasive techniques that we looked at last week in their own writing.

In Maths we have looked at scaling. We have started by considering recipes and how we could scale the quantities to create enough for different amounts of people.

In history, we have been looking at why Britain became the 'workshop of the world' during Victorian time and thinking about how the British empire is important when considering this.

### Home Learning

#### Reading

We expect the children to read 5 times a week. It would be great for children to read to an adult as well as to themselves. It would help the children to be able to discuss the book they are reading with an adult as well for the adult to ask them questions about what is happening in their story.

#### Maths

Please ensure the children are regularly practising their times tables using times table rockstars – the times tables they need to practise have been assigned to them.

<https://trockstars.com>

This week, there is a mymaths activity for you to complete:

<https://www.mymaths.co.uk/>

#### History

Please refer to the homework set on 21.2.24 for the list of tasks to choose from for this half term. You should complete **2 of these tasks** before the Easter holidays.

Spellings will not be tested in isolation. We will be looking to see if the children are using them accurately in their writing.
