

4/10/24 Home Learning Class F

This week, Class F have been thinking about the book 'Famer Duck' and have been thinking about what harvesting means and the link to Harvest Festival. The children have enjoyed listening to the story, have thought about how Farmer Duck feels to be doing all the work on the farm whilst the farmer stays in bed eating chocolates and have sequenced pictures depicting the story.

In phonics, the reception children have started Phase 2 phonics and have learnt the sounds s, a, t and p. They have used playdough to form the letters and have practised writing the graphemes.

In maths, the reception children have started their Numberblocks lessons to learn the numbers 1 & 2. They have taken part in activities around these numbers e.g. finding 2 of something.

The Nursery children have continued their environmental sounds activities and have enjoyed listening to sounds and trying to work out what thing is making that sound. In maths, they have carried out more activities concentrating on colour recognition before moving on to matching.

Home Learning Reception only

Projects:

Please choose one (or more!) of the following options to complete over the first half of the Autumn Term.

1. Practise recognising and writing the letters in your child's name. You could explore writing using different pens/pencils, using chalk outside, writing letters in a tray of salt or sand or finger painting their name.
2. Sing number songs with your child. We have been singing 'Five little ducks', '10 red apples' and '10 in a bed'.

Reading

The children do not have phonics books yet, but please spend time reading and enjoying books with your children. Talking about what is happening in the story and the characters.

Home Learning Nursery

Spend time reading and enjoying books with your children.

We have used this listening video in our phonics sessions and you might like to listen again with your child.
