

Class 1 Home learning 24.1.24

Class 1 has officially settled into the study suite for the time being, we have a new layout and the interactive board is up and running.

This week, in Geography, the children have zoomed in from looking at the world, oceans and continents to looking at countries of the UK. We children used interactive maps and atlases to find and label each of the 4 countries and their capital cities too.

In maths, we have all been comparing – comparing using the $<>=$ symbols, using the appropriate language and comparing not only number but weight, length and capacity.

Reading Year 1.

Your child will be bringing home a book this week which they read with you and also during guided reading, the aim is that this book is read multiple times to practise their phonics and fluency. They can also bring home a picture book to share. Please aim to read with you child 3 times a week and sign their reading records.

Year 2. Your child now has an Accelerated reader book. They will keep this book and read it both at home and in 1-1 reading until they can read it fluently. They will also have guided reading sessions in class with Mrs Mitchell using an additional Accelerated reader book.

Geography:

We have been learning about locations across the UK. Can you use the black map (below) to show the places which you have visited in the UK?

- Find a place you have visited on the map,
- Find the matching location on your blank map
- Mark it with a dot
- Label it.

If you need a paper copy, please ask.

WALT: recognise places we have visited in the UK.
