

Class 1 Home learning 1.11.23

This week the children have helped to create an interesting and descriptive poem all about our favourite foods using a range of alliteration, rhyme and adjectives. We will be changing the topic next and the children will be writing their own poems about animals.

In maths, we have been exploring different strategies for adding – using resources, counting on and using a number line.

Reading Year 1.

Your child will be bringing home a book this week which they read with you and also during guided reading, the aim is that this book is read multiple times to practise their phonics and fluency. They can also bring home a picture book to share. Please aim to read with your child 3 times a week and sign their reading records.

Year 1 - Bug club books will continue to be allocated every week so keep checking and read as many times as you can.

Year 2. Your child now has an Accelerated reader book. They will keep this book and read it both at home and in 1-1 reading until they can read it fluently. They will also have guided reading sessions in class with Mrs Mitchell using an additional Accelerated reader book.

My Maths – Year 2

There are 2 tasks set for Year 2 on My maths – both about adding in different ways.

These tasks are linked to the learning that we have been completing in class so have a go at both and I will take a look to see how you get on.
