

Class 1 Home learning 4th October 2024

Despite not being there this week due to being unwell the children have continued to their learning with Miss Andrews. The children had a great time practising and taking part in the harvest celebrations; sharing what they are thankful for in their lives. In art, they have been exploring art skills beginning with simple line, repeating line to create pattern and then painting techniques. We had great fun at the end of last week making an entire picture of different patterns and lines. In the coming weeks, in maths we will be focussing on addition and subtraction and solving relevant problems. In English, we will be making our Oi Bear books and then moving on to a humorous text about Boa having a really tricky birthday!

Home learning tasks:

Reading.

Year 1

Your child will be bringing home a book this week which they read with you and also during guided reading, the aim is that this book is read multiple times to practise their phonics and fluency. They can also bring home a picture book to share. Please aim to read with you child 3 times a week and sign their reading records.

Year 2. Your child now has an Accelerated reader book. They will keep this book and read it both at home and in 1-1 reading until they can read it fluently. They will also have guided reading sessions in class with Mrs Mitchell using an additional Accelerated reader book.

***** For all children: regular reading and signing of the reading record by an adult earns your child a reward. If they read 10 times with their book signed, they get a sticker; 5 stickers and they get a reading prize! *****

ONGOING – DUE JUST BEFORE HALF TERM

Project 1

Choose a real animal that you are interested in, find out as much as you can about where it lives then, using recycled and leftover materials, build your animal habitat. I would then like you to bring it to school at the end of this term, show it to the class. Year 2, this is similar to last year but this time I would like you to be able to explain where your animal lives and WHY.

Project 2

Look again at landmarks across London like we have done in Geography then choose the one you like the most like the Shard or London Bridge. Can you create a piece of artwork to match – painting, drawing, collage, 3d, it's up to you. I have card and paper at school if you need it.
